

# ATTENUATOR TRUCKS

Add dependability to your fleet  
with a J-Tech TMA.

J-Tech builds durable and innovative equipment to help keep your workers safe from the dangers of working near traffic. Give your workers the positive protection they need with trucks build by a company you can trust.

## What's Your Ideal TMA Build?

J-Tech Highway Safety attenuator trucks are packed with standard features and available options to keep workforces safer.

### STANDARD FEATURES

- New or used J-Tech supplied chassis
- 14', 18' or 22' TMA ballasted body
- Heavy-duty steel bulkhead
- Safety Pods for cone deployment & bed access
- High-visibility safety red stakesides
- Non-skid deck coating
- Powder-coated finish
- Engineer-certified ballast design
- TrafFix Devices Scorpion II<sup>®</sup> MASH Attenuator
- Wanco<sup>®</sup> 15-lamp LED solar-powered arrow board
- J-Tech hydraulic arrow board stand
- Unified in-cab TMA / arrow board deployment
- Class 1 LED amber light package
- Back up camera system with view auto select
- Standardized wiring harnesses
- LED DOT light package

## What Makes Our TMA Dependable?

### 1. ANTI-CORROSION MEASURES

J-Tech powder coats the entire body, bulkhead, and components.

### 2. SERVICEABILITY

Wiring service is made simple with consistent sealed wiring harnesses and junction boxes.

### 3. J-TECH SUPPORT

Certified attenuator repair, same day parts shipping, and troubleshooting are all ways we keep you working.

### AVAILABLE OPTIONS

- MASH Metro TMA
- HAAS Alert
- Message board
- Solar Auxiliary Power Unit
- 25-lamp arrow board
- NJ Ballast Certification
- Sign stand
- Sign / cone racks
- DVR package
